

Connected Industry with Sixdime Internet-of-Things!

Swas

- Sixdime Swas adds environment monitoring functionality to the Sixdime series of Products
- Swas monitors the **Ambient Temperature, Relative Humidity, Air Quality Index through VOC & Particle Matter**
- The data acquired is transmitted over Wi-Fi and Ethernet data communication ports

Specifications

Connectivity	2.4GHz Upto 50Mbps / RJ45 Jack (GSM, Wi-Fi, Ethernet)
Power Supply	5 Vdc @ 500mA on USB C Connector
Mechanical - Material / Mounting	ABS / Wall Mounted
Gases	VOC
IAQ	0 - 500
Pressure	300 to 110hPa
Humidity	10 to 95% RH
Temperature	0-65 Degree Celsius
Display	1.3" Diagonal (240 x 240 pixel)
Data	1 Sample per 10 sec through MQTT
Dust Particles	PM 1.0, PM2.5, PM 10

Applications

- Warehouse/Shop Floor Environment Monitoring
- Office/Home/Shop/Restaurant Environment Monitoring.
